9. Roy Bennett & Frank Kaim made presentations to committee concerning the Lewis & Clark Flight of Discovery, which visited Seaside on June 15. The route will be flown again in 2005, in reverse. Since they were invited to Seaside, and after viewing our facilities, they have decided to begin their journey in Seaside rather than Astoria. Considering that the Aircraft Owners & Pilots Assoc. (AOPA) will be writing numerous articles about this event, Seaside is sure to get positive national coverage by general aviation's largest member group.
10. Meeting adjourned at 6:30 p.m.
